

## CanineSidekicks Service Dogs, Inc.

### Program-Trained & Placed Dogs Fee Schedule

| Category                       | Service                          | Includes                                                                                                                                                                                                                                                                                                                                                                                    | Fee (CAD)                  |
|--------------------------------|----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|
| Program-Trained Assistance Dog | Minimum Placement Age: 12 Months | Application consultation, handler evaluation, dog matching and placement, public access skills training, environmental neutrality training, individualized transition plan, written homework program, command list, online video resources, 12 follow-up sessions, 12 months of recorded resource access, and complimentary annual recertification for the active working life of the team. | Starting at \$20,000 + GST |
| Program Trained Service Dog    | Minimum Placement Age: 18 Months | Everything included in the Program-Trained Assistance Dog package plus a minimum of three disability-mitigating tasks, task development and generalization, task proofing across multiple environments, handler transfer training, task-specific training resources, and complimentary annual recertification for the active working life of the team.                                      | Starting at \$30,000 + GST |
| Annual Recertification         | Non-Program Teams                | Public access evaluation, task reliability assessment, handler proficiency evaluation, team functionality assessment, and program standards compliance review. Minimum four-hour assessment.                                                                                                                                                                                                | \$500 + GST                |

### **Availability**

Program-trained and placed dogs are limited and subject to availability. Acceptance into the program does not guarantee immediate placement. Placement opportunities are dependent upon the availability of suitable dogs and successful matching between the dog and prospective handler.

### **Payment Terms**

Program-trained and placed dogs remain the property of CanineSidekicks Service Dogs Inc. until completion of the transfer process. Ownership transfers only after successful completion of handler transfer training, completion of all required documentation, full payment of all program fees, and execution of the Service Dog Transfer Agreement.

### **Dog Return and Rehoming Policy**

If a client is no longer able to care for, maintain, or keep their dog, the dog must be returned to CanineSidekicks Service Dogs Inc. Program fees are non-refundable.

If the returned dog is subsequently sold or placed for compensation, CanineSidekicks Service Dogs Inc. may, at its sole discretion, provide compensation to the former owner after deducting all costs incurred, including veterinary expenses, boarding and care costs, training and retraining expenses, behavioural rehabilitation expenses, advertising and placement expenses, and administrative costs. Any remaining funds after expenses have been recovered may be provided to the former owner. No compensation is guaranteed.
