13 Modules, 40+ on-demand lessons, Monthly Q&A and Toolbox

Here you see one of the on-demand video lessons, where our senior industry experts explains the 'What' and 'Why' — clear, practical, and directly linked to your daily QA work.

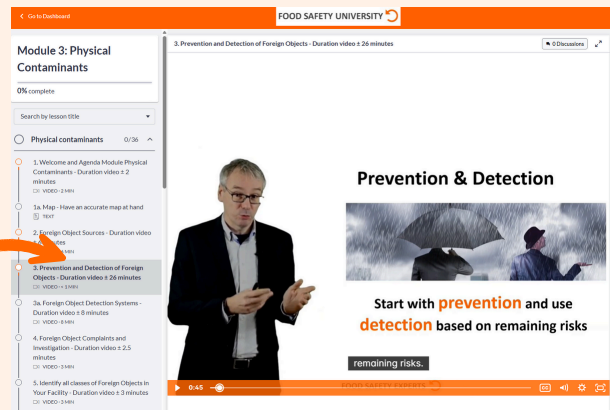

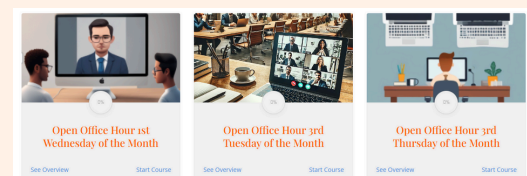

Watch how to apply the concepts in your facility — step-by-step instructions and examples from real-life audits.
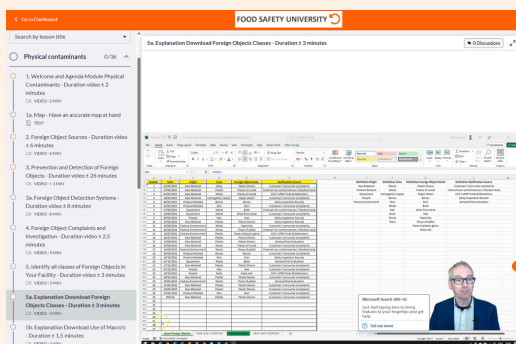

Each module includes ready-to-use templates, checklists, and practical tools to speed up implementation.

Have questions? Join the monthly Open Office Hours and get answers from our senior food safety experts.
