Family Resources	Various locations in Florida	Pinellas County: (727) 521-5200 Manatee County: (941) 741-3575	https://familyresourcesinc.org/contact-family-resources/	https://familyresourcesinc.org/	Since 1970, Family Resources, Inc. has been the agency to turn to for crisis counseling, safe shelter and respite for runaway and homeless teens. Family Resources provides a vital continuum of services to children, youth and families. Our goal is to support the family as a whole and keep the family together. Family Resources offers counseling services, shelter and transitional living programs as well as an array of community-based programs that assist youth in dealing with family issues, peer pressures and other challenging social issues. Our services offer hope while providing the education, skill building and therapeutic support that gives youth and families the tools necessary to resolve conflicts and experience successful, permanent relationships. Our mission is to strengthen families and build better communities by providing prevention, support and counseling to children, teens and families. We are guided by our vision that every child should be safe, that every troubled teen deserves help and that every family torn apart in crisis be given the opportunity to mend. Specializations: Shelters, Transitional living programs, counseling (Young Moms, LGBT)
Florida Association for the Treatment of Sexual Abusers	8800 49th St. N., Suite 311, Pinellas Park, FL 33782	(904) 568-8927	Questions/Referral: info@FloridaATSA.com	https://floridaatsa.com/	The Florida Association for the Treatment of Sexual Abusers is the Florida State Chapter of ATSA, an international multi-disciplinary professional association dedicated to the research and treatment of sexual offenders. FATSA members offer evaluations and treatment of sexual offenders, sexually violent predators, family members and victims. Members work closely with State organizations such as the Department of Corrections, the Department of Children and Families, the State Attorney's Offices, the Public Defender's Offices, and the Florida Legislature in an effort to protect Florida's citizens from sexual assault.

Phoenix House	510 Vonderburg Drive, Ste.301 Brandon, FL 33511	(813) 881-1000	https://www.phoenixfl.org/contact/	http://www.phoenixhouse.org/	We pride ourselves on providing outstanding and accessible treatment to adults and teens. Our facilities in Greater Tampa and Citra offer a continuum of services, including care for co-occurring behavioral health issues. Treatment is complemented by healthy recreational activities and continuing care services to help our clients maintain productive lives in recovery. In Brandon, Hyde Park, and at our Derek Jeter Center in Tampa, we offer comprehensive outpatient services for adults and adolescents. We also help families strengthen their ties as they address adolescent substance abuse. Our Adult Outpatient Counseling Center offers treatment services for adults, focusing on client strengths and addressing individual needs. Now, with three outpatient programs in Hillsborough County, Phoenix House has significantly increased access to treatment for more individuals and families in need of care. Phoenix House's Citra Center, located in the rolling hills of Marion County, offers Adult Residential Services in separate units for men and women. In addition, office-based detoxification for prescription and opiate drug abuse is available. A separate program, our Probation and Restitution Center, provides education and life-skills training for men re-entering the community. Phoenix House also works in close collaboration with the Florida Department of Corrections and other state and federal agencies to provide a broad spectrum of substance abuse treatment services. For information about these programs, please click on the link.- See more at: http://www.phoenixhouse.org/locations/florida/#sthash.6hmmYAvn.dpuf

Residential Treatment center helping adopted teens and preteens. Adopted students ages 9-18 with attachment issues, complex trauma issues, emotion regulation issues. Behavior modification may appear to produce changed behavior for these teens and preteens, but it does not create an internal change. At Calo, we treat a very specific subset of the struggling teen and preteen population: we heal the effects of childhood trauma using an attachment paradigm. Emotionally unstable teens and preteens with a history of trauma (adoption, sometimes abuse or neglect) and wounded in the areas of empathy, altruism, and relationship formation are our focus. Healing this damage requires that lasting change be created within the context of safe relationships, not by virtue of consequences and rewards.

Brookwood	Dee Monje	(727) 822-4789	dmonje@brookwoodflorida.org	Brookwood Florida provides a unique, life-changing residential program for non-pregnant, non-addicted, at-risk girls between the ages of 13 and 21. Girls are referred to Brookwood Florida in three ways: The Florida Department of Children and Families, parents experiencing stressful parent-child relationships, and crisis and homeless shelters. Our community-based program provides 24-hour care, seven days a week, and includes three residential tiers designed to provide increasingly more independent living conditions to help our clients move steadily toward self-sufficiency and reintegration within the community. Along with a safe and nurturing environment, Brookwood Florida's four-part program includes the following key components: Education, employment readiness training, independent living training, and mental health counseling.
Carlton Manor – Group Home #1 Male RGC	Dave Hytner Brandy Ingram	(727) 422-5742 (727) 422-5744	dhytner@carltonmanor.org bingram@carltonmanor.org	At Risk Home. BHOS provides services to males in the dependency system ages 11 – 17, 12 beds.

Devereux	Devereux Family Counseling Center - Orange, Osceola & Seminole counties	(407) 745-0499	FLCounseling@devereux.org https://www.devereux.org/	<p>For over 30 years in Florida, Devereux is one of Florida's most comprehensive child welfare and behavioral healthcare organizations serving children with mental health, intellectual/developmental disabilities and behavioral health challenges, and their families. Devereux continually advances the level of care to those in need. Growing from a single child and adolescent psychiatric hospital to offering a full continuum of programs and services throughout the state including a statewide inpatient psychiatric program, specialized group homes, foster care and specialty foster care, counseling centers, case management, abuse and neglect prevention services and community outreach programs. Today, Devereux Florida provides services in over 19 counties in Florida.</p> <p>Devereux utilizes the skillful experience of Masters level therapists with professional credentials in psychology, counseling and social work. Devereux therapists are trained in a variety of disciplines such as mental health counseling, social work, psychology and marriage/family therapy and specialize in areas such as sexual abuse, family relations, behavior modification, and childhood issues.</p>

Father Flanagan's Boys Town	Ken Bender	(850) 575-6422	kenneth.bender@boystown.org	<p>Boys Town's community programs include educator training, behavioral health programs and care coordination services. At Boys Town, we believe that every child, regardless of circumstance, deserves the opportunity to succeed. We also recognize that every child is an individual with unique needs. That's why, over many decades, we have developed a distinctive, research-based approach to achieving our vision that has proven successful for tens of thousands of children and families. This approach, which we call the Boys Town Model®, involves five steps: Teach children and families life-changing skills so they can achieve true change in their lives, help children and families build healthy relationships that will last, and provide them the support and foundation to grow, empower children and families to make good decisions and succeed on their own, care for children in a family-style environment — after all, families are the building blocks of our lives, and support children and families in practicing a faith to give them stability and guidance in times of difficulty and need.</p>

His House, Inc.	Main Number	(305) 430-0085	https://www.hhch.org/	His House Children's Home is a private non-profit, faith-based organization dedicated to restoring the lives of children from newborn to 18 years of age. For over 29 years, His House has brought stability to the lives of over 15,000 children and remains a frontline provider of residential and foster care services. The organization is licensed by the Department of Children and Families, contracted by Our Kids Inc. in Miami Dade and Monroe and ChildNet in Broward County as a Residential program and child placement agency. In a beautiful campus-setting with a 232 bed capacity, the organization cares for children removed from their home due to abuse, abandonment and neglect. Its model is unlike many other residential programs. Each home is staffed with nurturing caregivers who make every effort to create a beautiful, cozy home where children feel safe and loved.
Hibiscus Children's Center, Inc.	Caroline Beale	(772) 340-5750, x 441	cbeale@hcc4kids.org	Hibiscus Community Services, housed in the St. Lucie County Office in Ft. Pierce, include children and family mental health services and sexual abuse therapy. Depending on circumstances, children and families are treated and counseled either in their homes, at the Hibiscus Office or in a mutually convenient location.
	Susan Murphy	(772) 497-4621 (772) 299-7293 x 293	smurphy@hcc4kids.org

St. Augustine Youth Services (SAYS)	Main Number	(904) 829-1770	https://www.sayskids.org/	St. Augustine Youth Services, a nonprofit organization, has been providing therapeutic treatment to children since 1989. SAYS provides: Specialized Therapeutic Group Care, for males ages 6 to 17 and an <u>At-Risk group home for males 12 to 17</u> . All in a homelike environment, with individual and family therapy provided by master's level therapists, psychiatric services (such as medication management), psychological consultation, social skills training, independent living training, and TCM. SAYS also provides a TCM program Coaches for St. Johns , Flagler, and Putnam County utilizing high fidelity wraparound. In addition, SAYS offers the Community Action Team (CAT) and Mobile Crisis Response Team (MRT) for St. Johns County.
The Children's Home, Inc.	Pinellas Support Team	(727) 785-2762	https://www.childrenshomenetwork.org/	Since 1892, Children's Home Network has been dedicated to improving lives and changing life stories. To meet today's needs we offer innovative programs and services that have a positive impact on children and their families. The Pinellas Support Team (PST) is a behavioral health and tutoring program that provides services to families residing in Pinellas County with children in pre-kindergarten through high school, who are experiencing difficulties at school due to behavioral or emotional issues. Healthy Families is a nationally-accredited home visiting program for expectant parents and parents of newborns experiencing stressful life situations. The program improves childhood outcomes and increases family self-sufficiency by empowering parents through education and community support.

ORGANIZATIONS AND PROVIDERS					
Name of Organization	Address	Phone Number	Email	Website	Information and Services
Equality Florida	P.O. Box 13184 St. Petersburg, Fl. 33733	(813) 870-3735	http://www.eqfl.org/contact HR@EqualityFlorida.org	http://www.eqfl.org/home	Equality Florida consists of two organizations - Equality Florida Institute, Inc., our 501(c)(3) educational charity and Equality Florida Action, Inc., our 501(c)(4) advocacy organization. Together, these organizations form the largest civil rights organization dedicated to securing full equality for Florida's lesbian, gay, bisexual, transgender and queer (LGBTQ) community. Through education, grassroots organizing, coalition building, and lobbying, we are changing Florida so that no one suffers harassment or discrimination on the basis of their sexual orientation or gender identity.
Family Acceptance Project			fap@sfsu.edu	http://familyproject.sfsu.edu/	<p>The Family Acceptance Project™ is a research, intervention, education and policy initiative that works to prevent health and mental health risks for lesbian, gay, bisexual and transgender (LGBT) children and youth, including suicide, homelessness and HIV – in the context of their families, cultures and faith communities. We use a research-based, culturally grounded approach to help ethnically, socially and religiously diverse families to support their LGBT children.</p> <p>Our team has been putting research into practice by developing an evidence-based family model of wellness, prevention and care to strengthen families and promote positive development and healthy futures for LGBT children and youth. We provide training and consultation on our family-based prevention and intervention approach across the United States and in other countries.</p>
Family Resources	3821 5th Avenue North St. Petersburg, FL 33713	(727) 893-1893 (727) 521-5200	https://familyresourcesinc.org/contact-family-resources/	https://familyresourcesinc.org/shelters/	<p>Information: Family Resources, Inc. provides a safe haven for lesbian, gay, bi-sexual, transgender, or questioning (LGBTQ) youth where they will be accepted for whom they are and where they are in their life development. Our programs incorporate a philosophy of trauma informed care; positive youth development and harm reduction that help youth develop trusting relationships with staff and the self-awareness and confidence necessary to reach their goals. Our residential program is staffed 24 hours per day, seven days a week with highly trained staff. We offer crisis intervention, group and individual counseling, comprehensive sex education, recreation, case management, life skills training and other services designed to help youth improve self-image, increase resiliency, model good communication skills, deter anti-social and risk-taking behavior, teach independent living skills and increase social connections.</p> <p>We have six beds in the LGBTQ program. As with our other transitional living and maternal group home programs, we focus on teaching life skills and preparing youth for independent living. When they turn 18, Family Resources will assist them in locating safe and stable living arrangements. An aftercare case manager will make home visits and will maintain contact for at least a year to provide support, referrals, advocacy and counseling to youth living in the community after leaving the transitional living facility.</p> <p>Youth must voluntarily apply to the program, be 16 or 17 years old, identify as LGBTQ, not actively using illegal substances and must not have untreated mental health issues. Once accepted into the program, youth must attend school regularly and/or find employment, participate in weekly LGBTQ Youth Groups and Life Skills Groups.</p> <p>Services: SafePlace2BToo - LGBTQ, residential program, six beds, transitional living and maternal group home programs. Preparing for independent living.</p>

We work to create a supportive atmosphere for GLBTQ and allied students to discuss their feelings and thoughts about sexual orientation and gender identity. Through education and awareness initiatives, we hope to reduce anti-gay violence, harassment, and discrimination by promoting a greater understanding between students, school administration, and the local Deland community.

Lambda Legal	National	(212) 809-8585	http://www.lambdalegal.org/about-us/contact-us	https://www.lambdalegal.org/	<p>Lesbian, gay, bisexual, transgender and questioning (LGBTQ) young people are in America's child welfare and juvenile justice systems in disproportionate numbers. Like all young people in care, they have the right to be safe and protected. All too often, however, they are misunderstood and mistreated, leading to an increased risk of negative outcomes.</p> <p>This tool kit, updated on 2012, offers practical tips and information to ensure that LGBTQ young people in care receive the support and services they deserve.</p> <p>Developed in partnership by the Child Welfare League of America (CWLA) and Lambda Legal, the tool kit gives guidance on an array of issues affecting LGBTQ youth and the adults and organizations who provide them with out-of-home care.</p>

Pride Center at Equality Park	2040 North Dixie Highway, Wilton Manors, FL 33305	(954) 463-9005	rboo@PrideCenterFlorida.org	http://www.glccsf.org	Provide a welcoming and safe space - an inclusive home - that celebrates nurtures and empowers the LGBTQ communities and our friends and neighbors in South Florida. The Pride Center is a major site for HIV testing, prevention, outreach, education, healthcare linkage, support, holistic health and counseling.	Kiki Culture Program is an adaptation of the Kiki Project designed for Adolescent Sexual Minority Males (13-19) of Color in Broward County Public Schools. Our Kiki Culture will work with 7 priority high schools - Fort Lauderdale, Flanagan, Mc Arthur, South Plantation, Hollywood, Northeast and Deerfield. Our Kiki culture Program will also offer HIV testing in the priority schools. Get Your Life in an adaptation of the Many Men Many Voices intervention is designed to address factors that influence the behavior of black men who have sex with men, including cultural, social, and religious norms; interactions between HIV and other sexually transmitted diseases; sexual relationship dynamics; and the social and psychological influences that racism and homophobia have on HIV risk behaviors. Our target population for the Get Your Life Intervention is Black Adolescent Sexual Minority Males (ages 16-19) at our 7 (seven) priority schools in Broward County Public Schools. The LGBTQs Youth Group includes two groups, one for teens ages 13-17 and young adults ages 18-21 that provides a youth -led safe space.

BOOKS		
Name of Book	Summary	Author
Changing Bodies, Changing Lives	<p>"It seems like everyone else has the script. Everyone else knows what's happening and I look around and say, Duh."</p> <p>Of course, the truth is that no one has the script because there is no script to follow. Chances are you'd find that almost everyone else has questions and worries a lot like yours, if you could get them to admit it. This brand-new, completely updated and revised edition of Changing Bodies, Changing Lives is full of honest, accurate, nonjudgmental information on everything teenagers need to know about today.</p> <p>Am I the only one who</p> <p>can't get up the nerve to ask someone out? got my period so early? doesn't even know the right way to kiss? feels pressured to use drugs? still hasn't hit puberty yet? wants to avoid the gang scene? worries when my mom doesn't come home at night? is scared that I might have AIDS? can't decide what form of birth control to use? has no idea how to tell my friends I'm gay? goes on eating binges? has never had an orgasm? is shut out of the popular crowd?</p> <p>Changing Bodies, Changing Lives has helped hundreds of thousands of teenagers make informed decisions about their lives, from questions about sex, love, friendship, and how your body works to dealing with problems at school and home and figuring out who you are. It's packed with illustrations, checklists, and resources for the answers you really need. Best of all, it's filled with the voices, poems, and cartoons from hundreds of other teenagers, who tell you what makes them feel worried, angry, confused, sexy, happy, and, yes, even excited and hopeful about their lives. (Check out the first two pages for a sample of the quotes you'll find inside.)</p> <p>Being a teenager is tough. With the information and the ideas inside this book, you'll have what you need to make these years the best they can be.</p>	Ruth Bell Alexander
Helping Your Transgendered Teen	<p>If you are the parent of a transgender teen, this book will help you understand what your child is feeling and experiencing. Irwin Krieger is a clinical social worker with many years of experience helping transgender teens. This book brings you the insights gained from his work with these teenagers and their families. According to the author, "Today's teens have access to a wealth of information on the internet. Teenagers who are wondering about gender identity soon find out what it means to be transgender or transsexual. Parents, on the other hand, know little about this topic. When a teenager declares he or she is transgender, parents fear that their child is confused and is choosing a life fraught with danger. I wrote this book to help parents of transgender teens gain an understanding of this complex subject." "Helping Your Transgender Teen" begins with the basic information you and your family need. The central chapters of the book address the fears and concerns most parents of transgender teens share. The final chapters guide you through the steps you can take to discover what is best for your child. Although written for parents, this book is also useful for pediatricians, therapists, educators and others who work with teenagers and young adults. "Helping Your Transgender Teen" provides answers to many of your questions about adolescent gender identity.</p>	Irwin Krieger
It's Perfectly Normal	<p>For two decades, this universally acclaimed book on sexuality has been the most trusted and accessible resource for kids, parents, teachers, librarians, and anyone else who cares about the well-being of tweens and teens. Now, in honor of its anniversary, its Perfectly Normal has been updated with information on subjects such as safe and savvy Internet use, gender identity, emergency contraception, and more. Providing accurate and up-to-date answers to nearly every imaginable question, from conception and puberty to birth control and STDs, It's Perfectly Normal offers young people the information they need—now more than ever—to make responsible decisions and stay healthy.</p>	Robie Harris
Mom, I Need To Be a Girl	<p>This book, written by the single mother of a Transsexual teen-ager, is a true account of their experiences wending their way through the morass of roadblocks and confusion in seeking approval for the son to become the daughter she had always been meant to be. It describes clearly the troubles that the "system" deliver to maintain the status-quo, and the overwhelming drive needed by both the child and the parent in overcoming these burdens and achieving success. This should be required reading for any parent of a Transgendered person. The writing style is easy and familiar and will make for a "quick read" ; one you won't want to put down</p>	Just Evelyn

BOOKS

My New Gender Workbook	This updated edition of Bornstein's formative My Gender Workbook (1997) provides an invigorating introduction to contemporary theory around gender, sexuality, and power. The original is a classic of modern transgender theory and literature and, alongside Bornstein's other work, has influenced an entire generation of trans writers and artists. This revised and expanded edition extends that legacy, offering an accessible foundation for examining gender in the reader's life and in the broader culture while arguing for the dismantling of all forms of oppression. The workbook format—playful and inviting while still challenging—allows Bornstein to present involute concepts in a gentle, straightforward tone. Every bit of theory is paired with exercises and quizzes, connecting abstract ideas to daily realities. For fans of the original, Bornstein's new material merits a fresh read, drawing from other writers and activists, engaging with thriving digital communities, and including expanded sections on sexuality and intersections of oppression. An immense amount of progress and debate has occurred over the past 15 years—Bornstein highlights that attention to those conversations is invaluable not only for transgender people, but for anyone who seeks a more honest understanding of their place in the world. Illustrations. (May)	Kate Bornstein
Oliver Button is a Sissy	A little boy must come to terms with being teased and ostracized because he'd rather read books, paint pictures, and tap-dance than participate in sports. "There is a good balance between the simple text . . . and the expressive pictures . . . an attractive little book."--School Library Journal	Tomie de Paola
The Transgender Child: A Handbook for Families and Professionals	This comprehensive first of its kind guidebook explores the unique challenges that thousands of families face every day raising their children in every city and state. Through extensive research and interviews, as well as years of experience working in the field, the authors cover gender variance from birth through college. What do you do when your toddler daughter's first sentence is that she's a boy? What will happen when your preschool son insists on wearing a dress to school? Is this ever just a phase? How can you explain this to your neighbors and family? How can parents advocate for their children in elementary schools? What are the current laws on the rights of transgender children? What do doctors specializing in gender variant children recommend? What do the therapists say? What advice do other families who have trans kids have? What about hormone blockers and surgery? What issues should your college-bound trans child be thinking about when selecting a school? How can I best raise my gender variant or transgender child with love and compassion, even when I barely understand the issues ahead of us? And what is gender, anyway? These questions and more are answered in this book offering a deeper understanding of gender variant and transgender children and teens.	Stephanie A. Brill Rachel Pepper
Transgender Explained for Those Who are Not	Although Joanne Herman affirmed her true gender in her late 40's, before increased transgender acceptance and understanding led to gender affirmations at much younger ages, her non-complicated explanations in Transgender Explained remain useful in gaining understanding of a complicated subject. Organized by topic into short, easy-to-read chapters, Joanne's book serves as a way to quickly get up to speed on what it means to be transgender.	Joanne Herman
True Selves: Understanding Transsexualism	Combines authoritative information and humanitarian insight into the transsexual experience Filled with wisdom and understanding, this groundbreaking book paints a vivid portrait of conflicts transsexuals face on a daily basis--and the courage they must summon as they struggle to reveal their true being to themselves and others. True Selves offers valuable guidance for those who are struggling to understand these people and their situations. Using real life stories, actual letters, and other compelling examples, the authors give a clear understanding of what it means to be transsexual. They also give other useful advice, including how to deal compassionately with these commonly misunderstood individuals--by keeping an open heart, communicating fears, pain and support, respecting choices.	Mildred L. Brown Chloe Rounsley
