

EXTENDED SUPPORT HOTLINE

You don't have to feel like you're out there all by yourself.

Even professionally trained and experienced stone and tile contractors can find themselves up against unexpected challenges. Isn't it nice to know you have a safety net?

Who this extended support service is for:

- Fabricators and Installers
- Stone Restoration Contractors
- Expert Witness/Forensic Experts
- Historic Property Specialists
- Contractors

Extended Support Hotline
can get you back on solid footing.

SUPPORT AT YOUR FINGERTIPS

Stone Forensics Extended Support Hotline is designed to help you successfully overcome unexpected challenges that require expert support. This program puts that support at your fingertips.

EMAIL SUPPORT

Email support is available for sending questions that do not necessarily need immediate attention but a written response would be acceptable or when pictures are requested.

TELEPHONE SUPPORT

Simply call your provided Technical Support Hotline number from any of your pre-registered phone numbers. As an active member of the Technical Support Hotline program your phone number(s) are logged into our system and your call will be answered. If your call goes to voice mail it will be responded to within a 2-hour window, provided it falls within the Technical Support Hotline phone support hours.

HOW MUCH DOES IT COST?

Annual subscription: 6 months for \$795.00 or sign up for a year for \$1,200 and save!

**STONE
FORENSICS**

Stone Forensics brings over 35 years of experience in the stone and tile business. We have taught and supported thousands of restoration, fabrication, and installation contractors.
