

The #1 Course for Early-Career Teachers (Setting Up For Success)

Presenter & Facilitator: Richard Andrew

Attn: Mathematics Leaders & Teachers

Is this you?

I want more of my students genuinely engaged and displaying agency.

Help! I know I REACT way too often. I want to learn how to RESPOND in the heat of the moment.

I want strategies that work for MY situation - not one-size-fits-all strategies.

The best aspect of the course was having advice that targeted all those beginning teacher questions that I have often been wondering about. I was inspired by the ideas that came through that aligned with many of the things I already believed and aspired to implement but didn't have the courage or knowledge of where to start. The course has had a dramatic impact on my classes. Rob Sibley, Trangie Central School.
