

## NUHS GP CME

# Mastering Everyday GI Complaints

With evolving guidelines, overlapping conditions, and varied presentations, GI complaints can be challenging to navigate in primary care.

Join us for an insightful CME where we'll cover the latest evidence-based treatment strategies for common GI conditions and learn how to leverage the open-access endoscopy pathways to investigate patients more efficiently and confidently.

### Speaker:

#### Dr Alexander Yip

Head,  
Division of Gastroenterology  
and Hepatology,  
Department of Medicine,  
Alexandra Hospital
