

## Lesson plan

## Description of the class:

30 students are enrolled in grade nine with ages varying between years 13-16. The students are from a rural area and their level of English proficiency belongs to the intermediate level signifying that they can produce standard sentences and possess the ability to write English sentences and communicate in basic English. Therefore, teachers primarily use the native language to ensure that students are able to comprehend a particular topic.

**Lesson Information:**

This lesson emphasizes teaching the students some frequently used vocabulary through TikTok videos. The students have some prior knowledge of vocabulary, therefore a TikTok video regarding vocabulary will be presented. Following that students will be instructed to repeat the words on the video and complete the task. Through this exercise students listening and speaking will be enhanced.

## Specific lesson objectives
