## Why are we introducing the Bundles?

Starting June 2nd, 2025, it is important to begin using the new bundles

✓ **More flexible, more competitive:** Our old model did not allow tailored solutions, making it harder to meet diverse customer needs.

✓ **Research-driven and designed for our regions and markets**

✓ **Clear value progression:** Each package builds on the last, making it easier to position and upsell

✓ **Stronger customer commitment:** new 1-year agreements, early termination fees and flexible hardware discounting improving retention.

## Key Changes

- We updated our plan names to **Basic**, **Core**, and **Pro** to make it easier for customers to choose the right option for their needs.
  - Based on valuable customer feedback and research, we optimized functionalities available in each plan.
  - New adjusted pricing to ensure each plan offers greater value.
